

## Pupils at Whitefriars School in Harrow turned into eco-warriors to help crackdown on fly-tipping

**Schoolchildren transformed into eco-warriors to help clean up the streets.**

Pupils at Whitefriars School, in Whitefriars Avenue, Harrow, took part in a litter pick at Byron Recreation Ground, in Peel Road, on Friday (March 3).

The day was part of Harrow Council's Great Spring Clean campaign, which aims to crackdown on "unacceptable" fly-tipping in the borough.

Cllr Sachin Shah, the leader of the council, said: "I was very proud to join the Great British Spring Clean in Byron Park and appreciate our residents for coming to help no matter the weather- especially the most effective Whitefriars eco-warriors.

"It is important that we all treasure Harrow as our place and we ensure that we make Harrow clean, as fly-tipping is illegal and totally unacceptable.

"It is all of our problem and we all have a duty to dispose of our waste properly, so there can never be any excuse for fly-tipping."
