

Hi Orion

While we are all staying at home and staying safe, I have been busy doing lots of little projects to keep occupied.

I have been looking after a little vegetable patch in my garden and hoping to see lots of tomatoes and beans this season! I have been reading books and updating Home-Learning tasks to put on our school website.

I have enjoyed learning about Volcano eruptions on the internet and have included that as our leaning activity. Good luck on creating your own volcano!

Mrs Patel

Hi Aquarius!

I hope you are keeping well and enjoying time with your family! I've missed being the class DJ and receiving requests from you!

I've used this time to work on a skill which is baking! I've made a lovely lemon cake which I'm really proud of!

I can't wait to hear your experiences at home. Remember to keep positive!

Miss Haran

Hi Cassiopeia!

I hope everyone is staying safe at home and having fun learning lots of new skills! I've been using my creativity whilst at home and decided to make some cards to send to my friends.

Why don't you give it a try at home?

I miss you all lots and can't wait to hear all about what you have been getting up to at home!

Miss Long
