## 1. Introduction

**Heathland Whitefriars Federation** is fully committed to meet its responsibility to protect and safeguard the welfare of children and young people in its care. We recognise the important part we have to play in identifying children and young people at risk of abuse and neglect and in securing appropriate support for them and their families. Our policy applies to all governors, staff and volunteers working in the school.

Safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

'Children' includes everyone under the age of 18.

**Section 175** of the **Education Act 2002** places a statutory duty on the Directors to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

**Section 11** of the **Children Act 2004** sets out the arrangements that schools and other specified settings must make to safeguard and promote the welfare of children. These arrangements are outlined within this document so that all staff, families and the local community is provided with a clear understanding of our school's processes and commitment to safeguard and promote the welfare of children and young people in our care.

Our Policy and Procedure also reflects Government guidance set out in [Keeping Children Safe in Education \(DfE September 2019\)](#) which incorporates a range of related responsibilities for schools and newer statutory duties introduced to protect children and young people from Female Genital Mutilation and Radicalisation.

All staff should read part 1 of statutory guidance [Keeping children safe in education \(DfE September 2019\)](#) (KCSIE), which sets out the legal duties you must follow to safeguard and promote the welfare of children and young people under the age of 18 in our school.

**Children and Social Work Act 2017** brought about a new partnership arrangement to safeguard children. Harrow Safeguarding Partnership Arrangement oversees a collaborative approach by Harrow Safeguarding Children Board and Harrow Safeguarding Adults Board in order to promote a 'Think Whole Family' approach to safeguarding. **Heathland Whitefriars Federation** is committed to fulfilling its statutory duty to engage with these arrangements.

Our policy and procedure is written in accordance with KCSE and similarly should be read by all staff. Our policy and procedure also reflects government advice [What to do if you're worried a child is being abused – Advice for practitioners](#)

It is also expected that all staff are made aware of related internal school policies including: The Pupil Behaviour policy and The Staff Behaviour Policy (code of conduct).

Article 3: Everyone who works with children should always do what is best for each child.

## 2. Key Contacts

### (i) Safeguarding and Promoting the Welfare of Children at Heathland Whitefriars Federation

### 3. Heathland Whitefriars Federation Safeguarding Mission Statement

All staff at **Heathland Whitefriars Federation** understand that safeguarding children is everyone's responsibility. We will:

- Provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child;
- Always act in the best interests of the child;
- Ensure that all staff and volunteers are recruited using robust 'Safer Recruitment' processes (See **Safer Recruitment Procedures**).
- Aim to identify concerns early and prevent concerns from escalating. This includes identifying emerging problems, liaising with the DSL, sharing information with other professionals to support early identification and assessment and, in some cases, providing the lead professional in undertaking an early help assessment.
- Establish and maintain an environment where children feel respected, safe, and are encouraged to talk and be listened to when they have a worry or concern;
- Require any member of staff who has a concern about a child's welfare to follow the referral process set out in this document

- Where there is a safeguarding concern, take the child's wishes and feelings into account at all stages of the process of intervention;
- Ensure that children who have been abused or neglected will be supported in line with a child protection plan;
- Work with parents/carers to build a supportive relationship and be clear about our Safeguarding and Child Protection Procedures and in particular, when we may need to refer concerns to other agencies;
- Include opportunities across the curriculum, including PSHE and IT for children to be taught about safeguarding and to develop the skills they need to recognise danger and know where to seek help;
- Maintain an attitude of "it could happen here" where safeguarding is concerned.

### 3.1 Why is this important to Heathland Whitefriars Federation

It is important for children to receive the right help at the right time to address risks and prevent issues escalating. Research and serious case review have repeatedly shown the dangers of failing to take effective action. Examples of poor practice include:

- failing to act on and refer the early signs of abuse and neglect;
- poor record keeping;
- failing to listen to the views of the child;
- failing to re-assess concerns when situations do not improve;
- not sharing information or sharing information too slowly; and
- a lack of challenge to those who appear not to be taking action

### 3.2 Contextual Safeguarding

We recognise that some safeguarding incidents or behaviours are associated with wider environmental factors which relate to children and young peoples' neighbourhoods and/or online communications. Contextual Safeguarding expands the objectives of child protection systems in recognition that young people are vulnerable to abuse in a range of social contexts. For further information see University of Bedfordshire's [Contextual Safeguarding Network](#).

Article 19: Children not be harmed and should be looked after and kept safe.

## 4. Responsibilities

### (i) Directors

It is the responsibility of the Directors to ensure that the school complies with its legislative duties and has regard to Government Guidance ***Keeping Children Safe in Education 2019*** to ensure that our school's policies, procedures and training are effective and comply with the law.

This responsibility includes understanding the local criteria for action and assessment and supplying information as requested by the three safeguarding partners (Local Authority, Police and Clinical Commissioning Group).

The Directors will therefore:

- Designate a lead Director for child protection and safeguarding who will oversee the school's policy and practice and champion safeguarding issues;
- Nominate a member of the Directors (usually the Chair) to be responsible in the event of an allegation of abuse made against the Headteacher;
- Ensure that the school has a Designated Safeguarding Lead within the senior management team;
- Ensure that policies and procedures are in place, which are compliant with the government guidance and HSCB's guidance. These should be reviewed annually and staff should be encouraged to contribute to their development. These should be made available publicly via the website or other means.
- Ensure that all staff and volunteers access appropriate levels of child protection and safeguarding induction and training. Including online safety. In addition, all staff should receive regular safeguarding and child protection updates (e.g. via email, e-bulletins, staff meetings) as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. This should be regularly updated (at least annually).
- Liaise closely with the Designated Safeguarding Lead and receive regular reports in to monitor procedures and practice and ensure compliance;
- Ensure that **safe recruitment procedures** are in place and are applied for all staff and volunteers to ensure suitability to work with children including the requirement for at least one person conducting an interview to have completed safer recruitment training. **See safer recruitment guidance**

- Ensure that **Allegations Management procedures** are in place and embedded across the school;
- Ensure any deficiencies in safeguarding arrangements are remedied without delay;
- Ensure that other related procedures are in place and embedded such as the Staff Code of Conduct, Safe Practice, Staff/Pupil Relationships; Acceptable use of Technologies.
- Ensure that appropriate responses to children who go missing from education, particularly repeat occasions, are in place to help identify the risk of abuse and neglect, including sexual abuse or exploitation and to help prevent the risks of their going missing in future
- Ensure that other related procedures e.g. FGM; Anti-bullying; Peer on Peer abuse (including sexual violence and sexual harassment); Preventing Radicalisation; Trafficking; and Modern-Day Slavery; are in place and embedded.
- Ensure that staff are equipped to respond to the needs of vulnerable children including those with disabilities and those who are Looked After by the Local Authority;
- Ensure that the curriculum supports children in recognising and responding to risks, including on-line safety.

Our Directors will take a proportionate risk-based approach to the level of information provided to temporary staff and volunteers on induction.

## **(ii) Designated Safeguarding Lead (DSL)**

The DSL should sit within the senior management team and take lead responsibility for safeguarding and child protection. Deputy DSLs should be trained to the same standard as the DSL.

Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL. This responsibility should not be delegated.

The DSL will:

- Undergo training to provide them with the knowledge and skills required to carry out the role. Formal training should be updated every two years with regular updates on developments in between, e.g. via e-bulletins, Forums for

DSLs, meetings for DSLs, and reading time to keep up with any developments relevant to their role.

- Act as focal point for staff concerns and liaise with the Local Authority and other agencies in accordance with [Working Together to Safeguard Children 2018](#);
- Refer all cases of suspected abuse to Harrow children's Social Care via the Multiagency Safeguarding Hub (MASH)
- Refer all cases to the police where a crime has been committed

## 5. Procedures

- (i) It is the responsibility of every member of staff and volunteer to know and understand our Child Protection and Safeguarding Policy and Procedure.
- (ii) If any member of staff or volunteer is concerned about a child s/he must inform the DSL immediately. You must record information regarding the concerns on the same day. The written record must be a clear, precise, factual account of the observations or what has been said. (See Appendix 2 for School Record of Concern).
- (iii) The DSL will decide upon the most appropriate course of action and whether the concerns should be referred to Children's Social Care referring to Harrow Thresholds Guidance. If it is decided to make a referral to Children's Social Care this will be discussed with the parents, unless to do so would place the child at further risk or undermine the collection of evidence e.g. forensic evidence. All concerns, discussion and decisions will be recorded in writing.
- (iv) **What staff should look out for:**

Any child may benefit from early help, but all staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, health and Care Plan)
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is at risk of modern slavery, trafficking or exploitation
- is at risk of being radicalised or exploited
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is misusing drugs or alcohol themselves
- has returned home to their family from care
- is a privately fostered child

(v) **Early Help** - If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases should be kept under constant review and consideration given to a referral to Children's Social Care for assessment for statutory services if the child's situation does not appear to be improving or is getting worse.

(vi) **Children in Need** – A child in need is defined under the children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. The Local Authority is required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989.

(vii) **Children suffering or likely to suffer significant harm** - Local authorities, with the help of other organisations as appropriate, have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child's welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse and neglect, female genital mutilation or other so-called honour-based violence, and extra-familial threats like radicalisation and sexual exploitation.

- (i) Where this a child protection concern, allegation or disclosure the DSL will make an immediate call to Children's Social Care to alert or to consult with them. The Multi Agency Referral Form will be sent by the DSL.
- (ii) If a member of staff disagrees about the level of concern and feels that a child has not been protected, then any member of staff can make a direct referral to Children's Social Care – refer to [HSCB guidance on multi-agency resolution of professional disagreements](#).

## 6. General

It is the responsibility of every member of staff and volunteer at **Heathland Whitefriars Federation** to know, understand and follow our Child Protection and Safeguarding Policy and Procedure. They should also read Part 1 of KCSE. Where safeguarding is a concern, all staff and volunteers etc should maintain an attitude of '**it could happen here**' and know what to look for.

If any member of staff or volunteer is concerned about a child s/he must inform the DSL or one of the deputy DSLs immediately. They must record information regarding the concerns on the same day. The written record must be a clear, precise, factual account of the observations or what has been said.

Where this a child protection concern, allegation, or disclosure, the DSL will make an immediate call to Children's Social Care to alert or to consult with them. The Multi Agency Referral Form will be sent by the DSL or deputy DSL.

If in exceptional circumstances the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from Children's Social Care. In these circumstances, any action taken should be shared with the DSL as soon as is practically possible.

If a member of staff disagrees about the level of concern and feels that a child has not been protected, then any member of staff can make a direct referral to Children's Social Care – refer to [HSCB Guidance on Multi Agency Resolution of Professional Disagreements](#)

Within one working day of a referral being made, Children's Social Care should acknowledge receipt to the referrer and decide about the next steps and the type of response that is required. The referrer should follow up if this information is not forthcoming.

If social workers decide to carry out a statutory assessment, staff should do everything they can to support that assessment (supported by the DSL as required).

If, after a referral, the child's situation does not appear to be improving, the referrer should consider following the [HSCB Guidance on Multi Agency Resolution of Professional Disagreements](#) to ensure that their concerns are addressed and, most importantly, that the child's situation improves.

## **6.1 When concerned about a child**

All staff and volunteers should be aware that the main categories of abuse include, Physical, Emotional, Sexual Abuse and Neglect (see Appendix 3). Training should equip staff to help identify the indicators of harm. For example, if in an abusive relationship a child may:

- appear frightened of a parent or others in the household e.g. siblings;
- appear frightened of someone outside of the home, including a peer. This includes within the school setting;
- act in a way that is inappropriate to her/his age and development (full account needs to be taken of different patterns of development and cultural backgrounds);
- display insufficient sense of boundaries or lack stranger awareness;

- appear wary of adults and display a ‘frozen watchfulness’ or appear noticeably withdrawn.

## 6.2 Dealing with a disclosure

If a child discloses that he or she has been abused or neglected, the member of staff or volunteer should:

- listen to what is being said without displaying shock or disbelief, allowing the child to talk freely and at their own pace;
- take what the child says seriously;
- reassure the child, but do not make promises, particularly about maintaining confidentiality – it might be necessary to refer to other agencies;
- reassure the child that they were right to tell someone;
- listen and only ask questions when it is necessary to obtain clarification;
- remain objective and not prejudge an alleged perpetrator;
- make a written record as soon as possible, using the child’s language when relaying what they said (do not include the personal opinion of the note taker);
- pass the information to the DSL without delay.

## 6.3 Confidentiality and Communicating with Parents

All staff in schools have a responsibility to share relevant information in response to child protection concerns or Children in Need with other specified professionals, particularly investigative agencies i.e. Children’s Social Care and the Police.

**If a child confides in you and requests that the information is kept secret, it is important to tell the child in a sensitive manner and appropriate to their development that you cannot promise complete confidentiality.** Explain what you will do next and that information will only be shared with those who need to know in order to help.

Staff/volunteers who receive sensitive information about children and their families should therefore only share information with appropriate professionals.

Parents should be made aware of our Safeguarding and Child Protection Policy and Procedure and its availability on our website.

Parents should be informed prior to referrals being made to other agencies, unless to do so might place the child at further risk or cause evidence to be removed or destroyed. The DSL will ensure that our school’s information sharing arrangements comply with government guidance (see section 6 Information Sharing).

Any written communications containing sensitive information must only be sent to other professionals on a need to know basis, using secure mail processes e.g. secure email.

Article 2: All children have these rights no matter what.

## 7. When concerned about a child

All staff and volunteers should be aware that the main categories of abuse include, Physical, Emotional, Sexual Abuse and Neglect (see Appendix 3). Training should equip staff to help identify the indicators of harm, but in general in an abusive relationship a child may:

- Appear frightened of a parent or others in the household e.g. siblings;
- Appear frightened of someone outside of the home, including a peer. This includes within the school setting;
- Act in a way that is inappropriate to her/his age and development (full account needs to be taken of different patterns of development and cultural backgrounds);
- Display insufficient sense of boundaries or lack stranger awareness;
- Appear wary of adults or appear noticeably withdrawn.

## 8. Dealing with a disclosure

If a child discloses that he or she has been abused in some way, the member of staff or volunteer should:

- Listen to what is being said without displaying shock or disbelief, allowing the child to talk freely and at their own pace;
- Take what the child says seriously;
- Reassure the child, but do not make promises, particularly about maintaining confidentiality – it might be necessary to refer to other agencies;
- Reassure the child that they are not at fault and they were right to tell someone;
- Listen and only ask questions when it is necessary to obtain clarification;
- Do not criticise the alleged perpetrator;
- Make a written record as soon as possible, using the child's language when relaying what they said;
- Pass the information the DSL without delay.

Article 12: Every child has the right to say what they think should happen and be listened to

## 9. Confidentiality and Communicating with Parents

All staff in schools have a responsibility to share relevant information about the protection of children with other specified professionals, particularly investigative agencies (Children's Social Care and the Police).

If a child confides in you and requests that the information is kept secret, it is important to tell the child in a sensitive manner and appropriate to their development that you cannot promise complete confidentiality, but explain what you will do next and that information will only be shared with those who need to know in order to help.

Staff/volunteers who receive sensitive information about children and their families should therefore only share information with appropriate professionals.

Parents should be made aware of the federations Safeguarding and Child Protection Policy and Procedures and that these are available on our school's website.

Parents should be informed prior to referrals being made to other agencies, unless to do so might place the child at further risk or cause evidence to be removed or destroyed. The DSL will ensure that Heathland Whitefriars Federation information sharing arrangements comply with the [information sharing protocol](#).

Article 18: Both parents share responsibility for bringing up their children, and they should always think about what is best for each child.

## 10. Record Keeping

When a child protection concern has been identified, reported or disclosed, the member of staff receiving this information should:

- Make brief notes as soon as possible. Use the school Record of Concern Sheet wherever possible;
- Not destroy any original notes – these are sometimes required by a court;
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child;
- Draw a diagram to indicate the position of any visible injuries (i.e. do not undress the child beyond outer clothing that would normally be removed at school)
- Record statements and observations rather than interpretations or assumptions;
- Sign and date your notes;

All notes and records must be given to the DSL promptly.

The DSL will ensure that all safeguarding records are managed in accordance with the [Education \(Pupil Information - England\) Regulation 2005](#).

## 10.1 Transfer of files/records

When a child leaves our school/college, our DSL will ensure that their child protection file, if they have one, is transferred securely to the new school or college as soon as possible and ensure that the relevant member of staff in the new establishment is made aware. For further Guidance see [Guidance on the Transfer of a Child Protection or Safeguarding File to another education setting - July 2017](#)

## 10.2 Information Sharing

Information sharing is vital in identifying and tackling all forms of abuse and neglect. The Data Protection Act 2018 and the General Data Protection Regulation (GDPR) do not prevent or limit the sharing of information for the purposes of keeping children safe. Fears about sharing information **must not** be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

Further advice can be found on the Information Commissioner's Website and in particular the [ICO Guide to Data Protection](#) which includes guidance on the GDPR.

The DfE has also published [Information Sharing Advice for Safeguarding Practitioners](#)

This document includes the seven golden rules to information sharing:

1. Remember that the General Data Protection Regulation (GDPR), Data Protection Act 2018 and human rights law are not barriers to justified information sharing, but provide a framework to ensure that personal information about living individuals is shared appropriately.
2. Be open and honest with the individual (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their agreement, unless it is unsafe or inappropriate to do so.
3. Seek advice from other practitioners, or your information governance lead, if you are in any doubt about sharing the information concerned, without disclosing the identity of the individual where possible.
4. Where possible, share information with consent, and where possible, respect the wishes of those who do not consent to having their information shared. Under the GDPR and Data Protection Act 2018 you may share information without consent if, in your judgement, there is a lawful basis to do so, such as where safety may be at risk. You will need to base your judgement on the facts of the case. When you are sharing or requesting personal information from someone, be clear of the basis upon which you are doing so. Where you do not have consent, be mindful that an individual might not expect information to be shared.
5. Consider safety and well-being: base your information sharing decisions

on considerations of the safety and well-being of the individual and others who may be affected by their actions.

6. Necessary, proportionate, relevant, adequate, accurate, timely and secure: ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely.
7. Keep a record of your decision and the reasons for it – whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose.

All staff should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to Children's Social Care.

## 11. Supporting Vulnerable Children

We recognise that without appropriate intervention and support, abuse or witnessing violence may have an adverse impact on children which may last into adulthood.

Our school will support pupils through:

- Curricular opportunities to encourage self-esteem and self-motivation;
- An ethos that actively promotes a positive, supportive and safe environment and values the whole community;
- Liaison with other agencies which support the pupil such as Social Care and Child and Adolescent Mental Health Services (CAMHS);
- Our school's behaviour policy will support vulnerable pupils in the school. Our staff will agree a consistent approach that focuses on the behaviour of the child but does not damage the pupil's sense of worth.

Article 29: Every child has the right to become the best that they can be

Article 39: Children should get special help if they have been abused

## 12. Safer Working Practice and Managing Allegations Against Staff and Volunteers

The Heathland Whitefriars Federation has a separate Safer Recruitment Policy which is compliant with local HSCB procedures and national requirements and regularly reviewed to reflect government requirements i.e. ensuring pre-employment checks and appropriate DBS and reference checks.

The aims of the Safer Recruitment policy are to help appoint the most suitable people to work with our pupils and to deter, reject or identify people who might harm pupils or are otherwise unsuitable to work or volunteer in our school.

All school staff and volunteers should take care not to place themselves in a vulnerable position with a child. The Heathland Whitefriars Federation Code of Conduct and Guidance for Safer Working Practice forms part of our federation's compulsory training for all staff and volunteers. *Click here for further [guidance on safer working practice](#).*

Any allegation against a member of staff or volunteer, described below, must be reported to the Headteacher and DSL without delay, unless the Headteacher is the subject of the allegation - when the Chair of Directors must be informed.

Where a member of staff or volunteer may have:

- Behaved in a way that has or may have harmed a child;
- Possibly committed a criminal offence against/related to a child;
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children.

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification. Confidentiality should not be promised and information is to be shared on a 'need to know' basis only.

An immediate written record of the allegations should be made, including time, date and place where the alleged incident took place, with brief details of what was said to have happened. This record should be signed and immediately passed on to the Headteacher (or Chair of Directors if the allegation is made against the Headteacher).

The Headteacher or Chair of Directors will not investigate the matter but will consult the Local Authority's Designated Officer (LADO) for Managing Allegations via the Multi-agency Safeguarding Hub (MASH).

Whilst recognising our duty to support staff, the welfare of our pupils remains our paramount consideration.

Our federation will ensure that any disciplinary proceedings against staff relating to child protection matters are concluded in full even when the member of staff is no

longer employed at the school. We recognise our legal duty to refer to the DBS and any other relevant professional body details of anyone who has harmed or poses a risk of harm to a child.

### **13. Whistle-blowing**

All staff and volunteers are made aware of their Whistle-blowing responsibilities and will promptly report any concerns in the interests of protecting children and staff from poor practice and or unsuitable behaviour. This includes the requirement to self-disclose any personal information which may impact on their suitability to work in an education setting.

We ensure that staff and volunteers are aware that sexual relationships with pupils aged under 18 are unlawful and could result in legal proceedings taken against them under the *Sexual Offences Act 2003*.

All staff and volunteers at our school/college should feel able to raise concerns about poor or unsafe practice and potential failures in the school/college's safeguarding regime and know that such concerns will be taken seriously by our senior leadership team.

Where internal reporting arrangements are viewed not to have been taken seriously or with sufficient rigour, any member of staff can raise concerns externally if the matter is not resolved by the Headteacher or Chair of Governors e.g. via the Local Authority's Designated Officer for Managing Allegations; the HSCB or the Government's Whistle-blowing report line: **0800 028 0285**.

### **14. Other Safeguarding Related Policies and Guidance**

#### **(i) Private Fostering**

We recognise the importance of identifying children in Private Fostering arrangements so that their needs can be fully assessed by the local authority. At the Heathland Whitefriars Federation we will confirm the status of every pupil's care arrangements on admission (or when a pupil's care arrangements change) and notify the local authority of any known or suspected Private Fostering arrangement. We will support any subsequent assessment and remain alert to any additional needs that children placed away from their immediate families might face. Click here for information on what constitutes [private fostering](#) and here for details of [The Children's Act 1989: private fostering](#).

#### **(ii) Physical Intervention/ Positive Intervention**

Our school's policy on physical intervention and positive handling by staff is set out separately. It complies with the [DfE's guidance on use of reasonable force](#). This policy states that staff may only use reasonable force, meaning no more force than is needed to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder. It is always unlawful to use force as a punishment.

Headteachers and other authorised trained staff can use such forces as is reasonable in the circumstances to conduct a search for the following prohibited items: knives and weapons, alcohol, illegal drugs, stolen items, cigarettes and tobacco, fireworks, pornographic images, mobile phones or any article that has been or is likely to be used to commit an offence, cause personal injury or damage property.

If the use of force is necessary, reasonable adjustments for disabled children and children with special educational needs will be made.

Any use of force or restraint should be recorded and signed by a witness. The parent/carer will be informed of the incident.

### **(iii) Bullying**

Our federation policy on the prevention and management of bullying (including on-line bullying) is set out in a separate document and is reviewed annually by the governing body. This policy includes reference to all prejudice related bullying. We acknowledge that to allow or condone bullying may lead to consideration under child protection procedures. See further [government guidance on bullying](#). We recognise that children can also be vulnerable to physical, sexual and emotional bullying and abuse by their peers or they may be the perpetrator of such behaviour. We will always address such abuse seriously, involving partner agencies where required. We will remain alert to the possibility that a child or young person who has harmed another may well also be a victim. Staff should not dismiss some abusive sexual behaviour as 'normal' between young people and should not develop high thresholds before taking action.

### **(iv) Children with Disabilities or Special Educational Needs**

Our federation is committed to ensure that children with disabilities or special educational needs have exactly the same human rights to be safe from abuse and neglect, to be protected from harm and achieve the same outcomes as non-disabled children. We recognise that disabled children do however require additional action because they can experience greater vulnerability as a result of negative attitudes and because they may have additional needs relating to physical, sensory, cognitive and/or communication impairments.

This understanding is incorporated into our staff training, so that we all remain vigilant to identifying the additional vulnerabilities for these children in our care.

Article 23: Every child has the right to special care and support if they are disabled.

## **(v) Online Safety**

Our federation policy is set out in a separate document. We ensure that we have effective mechanisms to identify, intervene in, and escalate any incident where appropriate. Online safety is included in our curriculum at all levels and information is also provided to parents/carers.

All staff are made aware of the federation policy on Online Safety which sets our expectations relating to:

- Creating a safer online environment- including training requirements, filters and monitoring;
- Giving everyone the skills, knowledge and understanding to help children and young people stay safe on-line;
- Inspiring safe and responsible use and behaviour;
- Safe use of mobile phones both within school and on school trips/outings;
- Safe use of camera equipment, including camera phones;
- What steps to take if you have concerns and where to go for help.

Staff must read the Online Safety policy in conjunction with our Code of Conduct in relation to personal online behaviour.

## **(vi) Female Genital Mutilation (FGM)**

In our federation we recognise that whilst there is not necessarily an intention to harm a girl through FGM, the practice has serious short and long term medical and psychological implications. We are committed to work with families, partner agencies to promote understanding and safeguard pupils who may be at risk of this practice.

We aim to work sensitively with community groups where this may be a cultural belief and practice, however we will act to safeguard and promote our pupil's welfare where required and will fulfil our duties under the *Female Genital Mutilation Act 2003* (as inserted by section 74 of the *Serious Crime Act 2015*). This places a statutory duty upon teachers along with regulated health and social care professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18.

Click here for [Factsheet](#) on the Serious Crime Act 2015: FGM amendments to the 2003 Act.

Where it is suspected that a girl is at risk of FGM being undertaken then normal child protection procedures must be followed.

Further information can be found in:

[Multi-agency statutory guidance on female genital mutilation](#) and

[Mandatory reporting of female genital mutilation - procedural information](#)

### **(iii) Child on child sexual violence and sexual harassment**

At **Heathland Whitefriars Federation**, we recognise that sexual violence and sexual harassment can occur between children of any age and sex. It may occur online and offline and can be complex. We also recognise the new criminal offence of 'Upskirting' (taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm).

We will ensure that all such matters are taken seriously, and that appropriate action is taken to address the issue, including the provision of support. Sexual violence or sexual harassment will not be passed off as 'banter' or just 'part of growing up'.

In response to such a report our **Heathland Whitefriars Federation** will:

- reassure the victim that they will be taken seriously, and they will be supported;
- respond in line with our safeguarding procedures outlined in sections 5 of this document;
- where a concern includes an online element, follow DfE guidance: [Searching, screening and confiscation at school](#) and UKCCIS advice [Sexting in schools and colleges](#). Adults should not view sexual imagery unless there is good and clear reason to do so. Wherever possible responses to incidents should be based on what DSLs have been told about the content of the imagery. See [Guidance on Suspected Indecent Imagery for Staff](#).
- if possible, manage any such reports with two members of staff present (preferably the DSL being one of them).

Where there has been a report of sexual violence, our DSL will make and record an immediate risk and needs assessment.

Where there has been a report of sexual harassment, the DSL will consider the need for a risk assessment on a case-by-case basis.

The risk and needs assessment will consider and keep under review:

- the victim, especially their protection and support;
- the alleged perpetrator; and
- all the other children (and, if appropriate, adult students and staff) at the **Heathland Whitefriars Federation**, especially any actions that are appropriate to protect them

Our DSL will engage with children's social care, the police and specialist services as required. Any risk assessments undertaken by the other agencies/services will be used to inform our school/college's own risk assessment.

Important considerations:

- the wishes of the victim in terms of how they want to proceed. Victims should be given as much control as is reasonably possible;
- the nature of the alleged incident(s), including whether a crime may have been committed and consideration of harmful sexual behaviour;
- the ages and developmental stages of the children involved;
- any power imbalance between the children e.g. age differential, disability or learning difficulty
- if the alleged incident is a one-off or a sustained pattern of abuse;
- any ongoing risks to the victim, other children, adult students or staff; and
- other related, contextual issues e.g. in the community/local environment
- if both the alleged perpetrator and victim are still attending the same school/college, how best to keep them at a reasonable distance apart (including on transport).

### **(v) Peer on Peer Abuse**

We recognise that children can also be vulnerable to physical, sexual and emotional bullying and abuse by their peers or they may be the perpetrator of such behaviour. We will always address such abuse seriously, involving partner agencies where required. We will remain alert to the possibility that a child or young person who has harmed another may well also be a victim. Staff should not dismiss some abusive sexual behaviour as 'normal' between young people and should not develop high thresholds before acting. See related sections on Bullying, Child Sexual Exploitation and Gangs and Youth Violence.

### **(vi) Child Sexual Exploitation (CSE)**

CSE is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Exploitation can also happen on-line.

Our school will support the multi-agency activity to combat these crimes and help to divert and support any young pupils affected by CSE. We will follow the HSCB protocol for identifying and managing cases of CSE and promote the use of the HSCB's [SAFEGUARD Identification Tool](#) Identification tool in our child protection training. Also see section 'Child on Child Sexual Violence and Sexual Harassment.

### **(vii) Gangs and Youth Violence**

Schools are increasingly recognised as places where early warning signs can be spotted that younger children may be at risk of getting involved in gangs or youth violence. Crucial preventive work can be done at this stage to prevent negative behaviour from escalating and becoming entrenched. We recognise that even low levels of youth violence can have a disproportionate impact on a pupil or the wider school/community environment. We will therefore, support children in developing safeguarding skills to prevent involvement in risky behaviours, and where serious concerns arise we will work collaboratively with our partner agencies to help prevent escalation of harm. For further information refer to government guidance on [advise to schools on gangs and youth violence](#) and [Preventing serious violence: a multi-agency approach](#).

### **(viii) Forced Marriage**

A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. A lack of consent can be where a person does not consent or where they cannot consent e.g. if they have learning disabilities. There can also be links to Honour Based Violence.

Our Federation recognises that it has an important role in safeguarding children from forced marriage by educating pupils about the law and their rights and in identifying signs of risk. The Forced Marriage Unit has published [multi-agency statutory guidance](#) with pages 32-36 focusing on the role of schools and colleges. The Unit can be contacted for advice or information on 020 7008 0151 or email: [fm@fco.gov.uk](mailto:fm@fco.gov.uk)

### **(ix) Radicalisation and Extremism**

Our Federation recognises that protecting children from the risk of radicalisation is a part of our wider safeguarding duty to protect children from significant harm. Some young people may be more vulnerable to being groomed and this fact can be exploited by extremists. The internet and use of social media have become major factors in the radicalisation of young people and our school's E-safety policy and curriculum embeds understanding of these particular risks.

This duty is known as the Prevent duty. [Protecting children from radicalisation: the prevent duty](#) provides guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

Our school will help to identify young people at risk and work with local partnership arrangements including the **Channel Programme** to help support and divert any young people from associated harm: Click here for further guidance [Channel Duty Guidance](#)

From 1<sup>st</sup> July 2015, specified authorities including all schools (and since 18<sup>th</sup> September 2015 all colleges) are subject to a duty under the *Counter-Terrorism and Security Act 2015*, to have due regard to the need to prevent people from being drawn into terrorism. This duty is known as the Prevent duty. Paragraphs 57-76 of the [Revised Prevent duty guidance for England and Wales](#): are specifically concerned with schools.

Our Federation will help to identify young people at risk and work with local partnership arrangements including the **Channel Programme** to help support and divert any young people from associated harm: Click here for further guidance [Channel Duty Guidance](#)

### **(x) Children Missing Education or Missing from Home and Care**

The Heathland Whitefriars Federation will fulfil its statutory duty in notifying the local authority when removing a pupil's name from the admission's register outside of the normal transition points. We will make reasonable enquiries to establish the whereabouts of the child jointly with the local authority before deleting their name from the register. We will also notify the local authority within five days of adding a pupil's name at a non-standard transition point.

When one of our pupils goes missing from home or care we will contribute to the police and local authority's efforts to identify and locate the child.

### **(xi) Trafficking**

The Heathland Whitefriars Federation will remain alert for children trafficked into the country who may be registered at our school for a term or longer, before being moved to another part of the UK or abroad. We will bear in mind that not all children who go missing from education have been victims of trafficking. For example, there may be instances of children from communities that move around – Gypsy, Roma, traveller or migrant families – who collectively go missing from school. For further government guidance refer to [Safeguarding Children who may have been trafficked practice guidance](#).

### **(xii) Domestic Abuse**

Our school recognise the immediate and long-term impact of domestic abuse on a child's development and emotional wellbeing. All staff will remain vigilant to identifying the signs so that early help and protective action can be instigated where appropriate. We endeavour to provide the child with a safe and caring environment at school to help mitigate the impact of home-life stresses.

Any notifications received from the police/MASH of domestic abuse incidents, will be promptly reviewed by our DSL. This will enable our school to respond appropriately to the impact on the child/young person and to share any additional information with MASH to assist in the overall identification and assessment of risk

### (xiii) Substance Misuse

- a) **Pupils:** We recognise the clear role we have to play in preventing drug misuse as part of our pastoral responsibilities. We will provide age appropriate information on drugs and alcohol and tackle problem behaviour, working with local partners to prevent drug or alcohol misuse. For further guidance refer to [Dfe and ACPO Drug Advice for schools](#).
- b) **Parental Substance Misuse:** Substance misuse (drugs or alcohol) may impact on parental capacity and can significantly exacerbate other concerns such as domestic violence or mental health issues. We will remain vigilant in identifying and supporting pupils and their families facing such issues, and work in collaboration with other agencies where necessary to prevent significant harm.

### (xiv) Mental Health

- a) **Pupils:** We seek to promote positive mental health in our pupils and to identify and address those with less severe problems at an early stage and build their resilience. We are also committed to identifying and supporting pupils with more severe needs and to help make appropriate referrals to specialist agencies such as Child and Adolescent Mental Health Services (CAMHS) where necessary. For further information refer to government guidance on [mental health and behaviours](#) to identify and support pupils whose behaviour suggests they have unmet mental health needs.
- b) **Parental Mental Health:** We recognise that some parents with mental health issues may experience difficulties at times with their parenting responsibilities. We are committed to supporting such families and will endeavour to identify those who would benefit from early help from local services and work with them to avoid any adverse impact on their children. For further guidance refer to [Think Child; Think Parent; Think Family: a guide to parental mental health and child welfare](#)

### (xv) Trafficking and Modern-Day Slavery

**Heathland Whitefriars Federation** will remain alert for children trafficked into the country who may be registered at our school for a term or longer, before being moved to another part of the UK or abroad. We will bear in mind that not all children who go missing from education have been victims of trafficking. For example, there may be instances of children from communities that move around – Gypsy, Roma, Traveller or migrant families – who collectively go missing from school. For further government guidance refer to [Safeguarding Children who may have been trafficked practice guidance](#).

#### (xiv) Young carers

With so many adult responsibilities, young carers often miss out on opportunities that other children and young people have to play and learn. We in **Heathland Whitefriars Federation** are uniquely placed to identify and respond to concerns and 'triggers' where children and young people may require additional help as carers. We will aim to respond early with our own pastoral support and where appropriate seeking help from local authority support services for young carers.

#### (xv) Children with a family member in prison

These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO (National Information Centre on Children of Offenders) provides information to support professionals working with offenders and their children, to help mitigate negative consequence for those children.

#### (xvi) County Lines

This is a geographically widespread form of criminal activity involving drug networks or gangs that groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural or seaside areas. Missing episodes can be an important identifying factor, where the victim may have been trafficked for these purposes. In close working relationship with our local MASH a referral to the National Referral Mechanism will be considered for any such concerns.

Further advice can be obtained from Home Office guidance [Criminal exploitation of children and vulnerable adults - county lines](#)

### **Annex A – Role Description for Designated Safeguarding Lead 'Safeguarding Children in Education' 2016**

Governing bodies, proprietors and management committees should appoint an appropriate **senior member** of staff, from the school or college **leadership team**, to the role of designated safeguarding lead.

This person should have the appropriate status and authority within the school to carry out the duties of the post. They should be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so – and to contribute to the assessment of children.

Any deputy should be trained to the same standard as the DSL, but the ultimate lead responsibility for child protection remains with the DSL.

## Managing referrals

The designated safeguarding lead is expected to:

- refer cases of suspected abuse to the local authority children's social care as required;
- support staff who make referrals to local authority children's social care;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- support staff who make referrals to the Channel programme;
- refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- refer cases where a crime may have been committed to the Police as required.

## Working with others

The designated safeguarding lead is expected to:

- act as a point of contact with the three safeguarding partners (Local Authority, Police and Clinical Commissioning Group (CCG))
- liaise with the headteacher or principal to inform him or her of issues especially ongoing enquiries under *section 47* of the *Children Act 1989* and police investigations;
- liaise with staff (especially pastoral support staff, school nurses, IT Technicians, and SENCOs or the named person with oversight for SEN in a college) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to
- make a referral by liaising with relevant agencies.
- Act as a source of support, advice and expertise for staff.

## Training

The designated safeguarding lead (and any deputies) should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years. The designated safeguarding lead should undertake Prevent awareness training.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding

leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to and understands the school or college's child protection policy and procedures, especially new and part time staff;
- are alert to the specific needs of children in need, those with special educational needs and young carers;
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation (GDPR);
- understand the importance of information sharing, both within the school/college and with the three safeguarding partners, other agencies, organisations and practitioners
- are able to keep detailed, accurate, secure written records of concerns and referrals;
- understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college;
- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- obtain access to resources and attend any relevant or refresher training courses; and encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

## Raising Awareness

The designated safeguarding lead should:

- ensure the school or college's child protection policies are known, understood and used appropriately;
- ensure the school or college's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and
- link with the local LSCB to make sure staff are aware of training opportunities and the latest local policies on safeguarding.

## Child Protection File

Where children leave the school or college ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt should be obtained.

## Appendix 2

## Record of Concern

Child's Name:			
Child's DOB:			
Male/Female:	Ethnic Origin:	Disability Y/N:	Religion:
Date and time of concern:			
Your account of the concern: (what was said, observed, reported and by whom)			
Additional Information: (your opinion, context of concern/disclosure)			

Your response: (what did you do/say following the concern)	
Your name:	Your signature:
Your position in school:	Date and time of this recording:
Action and response of DSP/Headteacher:	
Feedback given to member of staff reporting concern:	Information shared with any other staff? If so, what information was shared and what was the rationale for this?
Name	Date

**Checklist for DSP (to be printed on back of Record of Concern form)**

<input type="checkbox"/>	Child clearly identified
<input type="checkbox"/>	Name, designation and signature of the person completing the record populated?
<input type="checkbox"/>	Date and time of any incidents or when a concern was observed?
<input type="checkbox"/>	Date and time of written record?
<input type="checkbox"/>	Distinguish between fact, opinion and hearsay
<input type="checkbox"/>	Concern described in sufficient detail, i.e. no further clarification necessary?
<input type="checkbox"/>	Child's own words used? (Swear words, insults, or intimate vocabulary should be written down verbatim.)
<input type="checkbox"/>	Record free of jargon?

<input type="checkbox"/>	Written in a professional manner without stereotyping or discrimination?
<input type="checkbox"/>	The record includes an attached completed body map (if relevant) to show any visible injuries

## Appendix 3

## Types of Abuse and Neglect

**All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.**

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse

(including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
