

13th December 2021

Dear Parents and Carers

Re: Lunch prices

From Wednesday 5th January, the price of the main meals that we serve at lunchtime will increase to £2.40 for primary section pupils and £2.50 for secondary section pupils. In addition, across the secondary section the price of snacks and drinks will also increase (please see the enclosed new price list).

The price increases are in response to numerous supplier cost increases over the last few years. In setting our new prices, we have benchmarked against other and similar schools.

The price increases are the first for a considerable number of years and we believe the menu remains excellent value for money, both in relation to the service we provide and in comparison to other schools.

This will allow us to raise the quality of food further and ensure that pupils have an excellent lunch experience every day. It will also ensure that we can provide the varied menu that we believe is essential.

Many thanks for your positivity and support.

Yours sincerely,

Mr J Watson
Headteacher
